AV12-H Harness Application Chart Additions / Corrections

- Champion Aviation part number CH12365 is approved for all Textron Lycoming IO360-A1B6 engines with Bendix S4-1200 magnetos, however, it has been brought to our attention that this harness will not fit this engine when installed in a **BEECHCRAFT SIERRA C24R**. This is due to routing differences on this model aircraft.
- Please delete the following from your application guide due to a misprint:
