## CHAMPION SPARK PLUG APPROVALS

The following Lycoming engine models are equipped with either long or short reach cylinders. Champion Spark Plug Types RHB36P and RHB38E are approved by F.A.A. and Lycoming in all these engine models equipped with long reach cylinders:

### Lycoming

VO-435-ALF	GO-480-G Series
TVO-435-A Series	VO-540-C Series
GSO-480 Series	IGO-540-A & -B Series
IGSO-480 Series	IGSO-540-A & -B Series.

In addition to the identifying part numbers stamped on each cylinder, Lycoming engine models equipped with long reach cylinders can be identified by yellow paint on the diagonal fins immediately above the upper spark plugs.

Approved spark plugs for the above model engines equipped with short reach cylinders may be found in our current AV-12 Catalog, AV-14 Size Chart, and AV-33 Wall Chart.
