CHAMPION HAS THE OIL FILTER FOR CESSNA'S NEW 152 TRAINER

Cessna's new 152 Trainer has a 110 h.p. Lycoming O-235 L2C engine. This aircraft, which burns 100 octane fuel, is Cessna's update of its 150.

The 152 is equipped with an engine oil filter Lycoming Kit No. LW-15527. This kit includes the Champion Spin-On Oil Filter CH48110.

With Lycoming's low compression engine design you can expect less fuel consumption. And with Champion's CH48110 oil filter, you can expect better oil filtration.

Cessna supplies the plane.

Lycoming supplies the engine.

Champion supplies the oil filter.
