## OIL FILTER APPLICATION TSIO-520BE

Teledyne Continental Service Bulletin M87-21 recommends the use of the longer oil filter for the TSIO-520BE, installed in the Piper Malibu. Champion's Aviation Products Catalog (AV-12) lists the short filter, P/N CH48108. In keeping with TCM recommendations, we suggest that operators utilize CH48109 in this application. Future revisions of our Aviation Products Catalog (AV-12) will reflect this change.
