Champion Aerospace holds highly anticipated airshow.

Liberty, SC– Champion Aerospace LLC held its highly anticipated 2016 Air Show on October 5th at its world headquarters in Liberty, SC with over 2,000 people in attendance.

The event featured some of the best performers in the aerosports industry including longtime Champion advocates Michael Goulian, Scott Yoak, Paul Wood, Rob Holland, The Aeroshell Team, Greg Koontz and Matt Younkin. Additionally, country music star and avid pilot Aaron Tippin also performed a concert.

Champion Aerospace President Jason Marlin added “Our objective for the Air Show is to demonstrate our appreciation to our employees and their families, as well as our customers, suppliers and other members of the community for their continued support. It is also very important for our employees to see their work in action as these performers rely on Champion ignition systems to keep the engines powered during their performances.”

Aerobatic National Champion Aviator, Michael Goulian, echoed this sentiment by stating “every one of the airshow pilots here, we bet our lives on Champion Aerospace Products every time we take to the air.”

About Champion Aerospace-

Champion Aerospace LLC, a wholly owned subsidiary of TransDigm Group (NYSE:TDG), is a leading global designer, producer and supplier of aircraft ignition system technology and airframe power solutions for use on nearly all commercial, piston and military aircraft in service today. Champion ignition components powered the Wright brothers first powered flight in 1903 and have continued to power the skies ever since.
